

# *Special News*

Today May 4th 2025 we quietly launch  
the '**Delight Matrix**' website /  
signalling the completion of our 11  
years of work in sadhana & research.

By 2010 we had the **8 parts of our inner being model**.  
We then wanted to learn how to harmonize all parts of  
our being. So we studied the 8 parts of being interacting  
with each other and thus we studied its 64 interactions.  
Often one part of being pulls down another or impacts the  
others through its limitations. We studied these 64 pairs  
to figure out its **Truth frequency**, where the two parts  
serve each other and enhance each other's function. Many  
from Pondicherry, Auroville and spiritual sadhaks across  
the world from normal life contributed to this. The images  
were hand drawn by a student Kritikka Srinivasan when  
she was in her 9th grade and digitalized by Shelma  
William. A team of 15 members formed helped to bring the  
final shape to the **64 Golden Cubes** and the website.

We stand humbled as we allow the **Delight Matrix** to flow  
into the world.

# **Delight Matrix: One year online course:**

From June 3rd, 2025 to June 2nd, 2026 (every Tuesday)

Time: 08:00 pm to 09:00 pm IST

Once you go through the website, what the 64 Golden Cubes are will be clear and what its internalization to harmonize all parts of our being will be clear. The online course will be complimentary.

We shall begin a one-year course to do sadhana (inner practices) on the 64 golden cubes.

(description given in website  
<https://delightmatrix.com/>)

The only prerequisite for this online course:

One should be genuinely interested to do sadhana for a year on the tuning of all the 8 parts of our being and their interfaces with each other. The 8 parts of being are the physical, senses, dynamic energy, emotional care, objective mind, creative mind, integrative mind and deeper self. The 8 x 8 interactions and their frequencies are shared in the website as Golden Cubes.

**To Be Continued...**

## Why complimentary?

The Delight Matrix has unfolded over 11 years plus with the joyful contribution of many. Also it is an operating system of consciousness to support the collective evolution of mankind. We will evolve! However whether we will harmoniously evolve depends if our inner being and it's manifold interactions are synched. Else our evolution will have a lot of frictions. We wish this consciousness framework which is universal to be experienced by many, purely as a joyful offering of self for harmonious evolution. To maintain the frequency of joyful offering we are choosing to offer this course complimentary.

From May mid 2025 a small group of volunteers will begin research on spiritual significance of flowers, as guided by The Mother or any other sources too. We will aspire to identify flowers whose vibrations will touch the specific frequencies of each of the 64.
